

EDOARDO BOCCI

EDUCATION

POLYTECHNIC UNIVERSITY OF MARCHE Ancona, ITALY
Doctor of Philosophy (PhD) April 2014
Thesis: *Experimental Evaluation of the Adhesion at the Interface Between Pavement Layers and Orthotropic Steel Decks*
Advisor: Prof. Francesco Canestrari

POLYTECHNIC UNIVERSITY OF MARCHE Ancona, ITALY
Master degree December 2010
Thesis: *Experimental analysis of the structural compatibility at the interface between asphalt concrete layers and orthotropic steel decks*
Advisor: Prof. Francesco Canestrari

POLYTECHNIC UNIVERSITY OF MARCHE Ancona, ITALY
Bachelor degree July 2008
Thesis: *Water sensitivity of cement-stabilized road foundations*
Advisor: Prof. Francesco Canestrari

AWARDS AND HONORS

Michel T. Long Award 2017 “Best innovative idea” – International Congress on Transport Infrastructure and Systems. Paper: E. Bocci, F. Cardone, A. Grilli, “Mix design and volumetric analysis of hot recycled bituminous mixtures using a bio-additive”, April 10-12, Rome, 2017.

“Best paper award” by the ASTM Journal of Testing and Evaluation for the outstanding manuscript “Complex Modulus Testing and Rheological Modeling of Cold-Recycled Mixtures”, October 29, 2021.

“Achievement Award for Top-10 Most-Downloaded Articles in 2022” by the journal Materials and Structures for the article “Recommendation of RILEM TC 264 RAP on the evaluation of asphalt recycling agents for hot mix asphalt”, Mater Struct (2022) 55:31

TEACHING EXPERIENCE

UNIVERSITY E-CAMPUS Novedrate, ITALY
Instructor, Department of Theoretical and Applied Sciences: Road design, University eCampus, Since 2014
Lectures and on-site programs

Instructor, Department of Theoretical and Applied Sciences: Theory of Transportation Systems, University eCampus, Since 2014
Lectures and on-site programs

Instructor, Department of Theoretical and Applied Sciences: Fundamentals on Road Infrastructures, University eCampus, Since 2017
Lectures and on-site programs

Instructor, Department of Theoretical and Applied Sciences: Legislation of Public Works, University eCampus, Since 2014-2017
Lectures and on-site programs

TEACHING INTERESTS

List as geometrical and structural design of road infrastructures, characterization of materials for road construction, logistic of transportation systems (roads, railways and airports), management and maintenance of road networks

LEADERSHIP AND SERVICE

President of the teachers-students joint committee in “Theoretic and Applied Sciences”, University eCampus, since 2019

Member of the Permanent Teaching Committee, University eCampus, since 2019

Member of the Board of Professors of the PhD Program on Sciences related to Welfare and Sustainability, University eCampus, since 2020

PROFESSIONAL EXPERIENCE

ECOPNEUS SCPA

Consultant

Milano, Italy

May 2014-November 2015

Study of fatigue behaviour and damage propagation on Asphalt Rubber bituminous mixtures

FERRIERE NORD S.P.A.

Consultant

Udine, Italy

April 2017-October 2017

Study of the possibility of using filler from ladle slags in hot bituminous mixtures

VALLI ZABBAN S.P.A.

Consultant

Firenze, Italy

October 2021-March 2022

Study of a bituminous mixture including Hard Plus modified binder through a full-scale trial

COOPERATIVA BRACCIANTI RIMINESE**Rimini, Italy****Consultant**

October 2021-March 2022

Design of a road pavement including recycled materials, within the project of the network linked to A14 Motorway, Rimini Nord-Cattolica Section

SPINELLI & MANNOCCHI S.R.L.**Perugia, Italy****Consultant**

September 2022-November 2022

Proposal of technical innovations and pavement design of the national road S.S.78 – Sarnano-Amandola

AEROPORTI DI ROMA S.P.A.**Fiumicino, Italy****Consultant**

January 2023-Novembre 2023

Scientific support aimed at the application on trial sections of hot bituminous mixtures for base and binder layers with high contents of reclaimed asphalt

VALLI ZABBAN S.P.A.**Firenze, Italy****Consultant**

March 2025-present

Scientific support for the optimization of porous asphalt mixtures with high mechanical and acoustic performances

National research projects

January 2022-August 2022

Scientific referee for Università eCampus in Single Use PPE Reinforced Asphalts (SUPRA) research Project, funded by the Italian Ministry of Ecological Transition within the “Bando per il finanziamento di attività di ricerca volta alla riduzione dei rifiuti prodotti da plastica monouso - Edizione 2021”, partners Università della Tuscia, Università eCampus, Università di Bergamo

Memberships

Member of RILEM (International union of laboratory and experts in constructions materials, systems and structures) Technical Committee TC 308-PAR, TG2 on Long Term Performance Evaluation of Warm Mixes with Recycling, TG Leader: Mayca Rubio Gamez, University of Granada, Spain (2022-present).

Member of RILEM (International union of laboratory and experts in constructions materials, systems and structures) Technical Committee TC 264-RAP, TG2 on Non-Cold Recycling, TG Leader: Paul Marsac, IFSTTAR France (2016-2021).

Member of RILEM (International union of laboratory and experts in constructions materials, systems and structures) Technical Committee TC 264-RAP, TG3 on Asphalt binder and additives for RA, TG Leader: Martin Hugener, EMPA Switzerland (2016-2021).

TECHNICAL SKILLS

Italian native speaker, good knowledge of English, basic knowledge of French and Spanish, excellent mastery of Microsoft Windows and Microsoft Office Tools, good mastery of CAD design softwares

PRESENTATIONS

- Clear asphalt concrete for energy saving in road tunnels, 12th ISAP Conference on Asphalt Pavements, Raleigh (North Carolina), USA, 1-5 June 2014, Conference Presentation.
- Mechanical Behaviour of Asphalt Concrete Containing C&D Recycled Materials, 8th International RILEM-SIB Symposium, Ancona, Italy, 7-9 October 2015, Conference Presentation.
- Hot recycling of reclaimed asphalt using a tall oil-based additive, 8th International RILEM-SIB Symposium, Ancona, Italy, 7-9 October 2015, Conference Presentation.
- Mix design and volumetric analysis of hot recycled bituminous mixtures using a bio-additive, AIIT International Congress on Transport Infrastructure and Systems (TIS 2017), Rome, Italy, 10-12 April 2017, Conference Presentation.
- Instrumented test section for analyzing the curing process of cold-recycled mixtures, International Conference on Bearing Capacity of Roads, Railways and Airfields, Athens, Greece, 28-30 June 2017, Conference Presentation.
- The new frontier of pavement engineering for urban roads, Lecture at 1st SAFERUP! Week SCRUM, Bologna, Italy, 4 April 2019. Convention Presentation
- Ageing of rejuvenated bitumen in hot recycled bituminous mixtures: influence of bitumen origin and additive type, 5th EATA Conference, Granada, Spain, 3-5 June 2019, Conference Presentation.
- Rheological modelling of the bitumen from reclaimed asphalt with rejuvenation and re-ageing, International Symposium on Bituminous Materials, Lyon, France, 14-16 December 2020, Conference Presentation
- Evaluation of Binder-Aggregate Adhesion in Hot-Recycled Asphalt Mixtures as a Function of the Production Temperature, 1st International Online Conference on Infrastructures, 7-9 June 2022, Conference Presentation.

- Advanced Materials and Techniques in Road Construction and Pavement Engineering, Short Course on Road Construction in Urban and Rural Context, Brescia, 14 May 2014, Workshop Presentation
- Road pavements and asphalt concretes, Education course on road pavements and hot bituminous mixtures, PAV.I. S.r.l., Foligno, 30-31 January 2015, Workshop Presentation.
- Innovative materials for road pavements, COBIT Asfalti S.r.l., Grottazzolina (FM), 19 February 2016, Workshop Presentation.
- Performance improvement of bituminous mixtures including fibers from end-of-life tires, Seminar on Maintenance Management of Roads and Use of By-Products from End-of-Life Tires: Crumb Rubber and Fibers of Cloth, Chieti, Italy, 29 September 2016, Workshop Presentation.
- Mechanical properties of EVIzero binder and mixtures produced with EVIzero binder, Asphaltica, Verona, Italy, 24 February 2017, Workshop Presentation
- Performance improvement of bituminous mixtures including fibers from end-of-life tires, Seminar on Maintenance Management of Roads and Use of By-Products from End-of-Life Tires: Crumb Rubber and Fibers of Cloth, Macerata, 21 April 2017, Workshop Presentation-
- Performance improvement of bituminous mixtures including fibers from end-of-life tires, Workshop on Road Maintenance, Use of Recycled Cloth from End-of-Life Tires, Rome, Italy, 10 May 2018, Workshop Presentation
- Performance improvement of bituminous mixtures including fibers from end-of-life tires, Project REFIBRE – Final Congress, Fermo, Italy, 5 July 2018. Workshop Presentation.
- Monitoring of the structural and functional properties of road pavements, Seminar on Monitoring and Maintenance of Infrastructures, Terni, Italy, 11 October 2018. Workshop Presentation
- Road pavements: the correct construction protocol and the innovative solutions, Education Course for Construction Companies and Professional Engineers, Perugia, Italy, 9-12 April 2019. Workshop Presentation
- Performance comparison between asphalt mixtures including RAP and different types of additives, Asphaltica, Verona, Italy, 26 November 2021. Workshop Presentation
- Experimental analysis of the performance of bituminous mixtures with Drenoval PBT binder: trial section validation, Asphaltica, Verona, Italy, 26 November 2021. Workshop Presentation
- Bitumen modified with compounds including SBS and crumb rubber from end-of-life tire, Asphaltica, Verona, Italy, 26 November 2021. Workshop Presentation
- Italy as a leader in the research on asphalt mixtures including recycled crumb rubber; the most recent innovation and technologies, Asphaltica, Verona, Italy, 5 May 2023. Workshop Presentation
- Restoring the rheological and elastic properties of SBS-modified bitumen in hot recycling of reclaimed asphalt, Asphaltica, Verona, Italy, 5 May 2023. Workshop Presentation
- The use of innovative binders for a greater sustainability of road pavements, Asphaltica, Verona, Italy, 5 May 2023. Workshop Presentation

POSTERS

- Experimental analysis of structural compatibility at the interface between asphalt concrete pavements and orthotropic steel deck bridges, 91st TRB Annual Meeting, Washington D.C., USA, 22-26 January 2012, Conference Poster.
- Experimental evaluation of the shear resistance of improved steel-asphalt interfaces, 92nd TRB Annual Meeting, Washington D.C., USA, 13-17 January 2013, Conference Poster.
- Cold in-place recycling for a base layer of an Italian high-traffic highway, ISAP APE Conference 2019, Padua, Italy, 11-13 September 2019, Conference Presentation.
